

PASTE INK PROOFER- PIP

30-25-00

The **Paste Ink Proofer** is used for quick, repeatable and highly accurate proofing and color-matching of all types of litho, web-offset, letterpress inks and varnishes. It is unique in featuring automated operation, eliminating the need to weigh or measure ink samples.

APPLICATIONS

The **Paste Ink Proofer** has many applications. It is an essential tool for both ink makers and printers, providing the simplest method of producing high quality proofs. These proofs may be used for computer color matching data, customer samples, or to test for color, gloss, opacity, penetration, drying, set off, rub and abrasion resistance. Pigment and other raw material suppliers will find the PIP invaluable for assessing their products

MAIN FEATURES

- Accurate proofs produced in a single operation
- No messy weighing or measuring of inks, unlike other products
- Two inks may be proofed simultaneously for comparison
- Complete inking/proofing/cleaning cycle only 2-3 minutes
- Multiple proofs easily obtained using any substrate
- Reduces press down-time
